BODY CARE

HAND & FOOT SILKY RITUAL

The skin of the hands and feet require specific care because they are zones that are usually more exposed to external aggressions. The skin of both the hands and feet often tend to suffer from dehydration, as well as having thickened areas with a rougher texture. They have always taken on a secondary role in terms of cosmetic care, but in recent years have acquired more importance in our daily cosmetic routine. **Hand & Foot Silky Ritual** achieves an in-depth treatment of the skin of hands and feet and in record time.

INDICATIONS OF THE TREATMENT:

Treatment recommended for all types of skin. Especially suitable for treating dehydrated and rough hands and feet.

FREQUENCY OF TREATMENT:

Adapt the frequency of the treatment according to the condition of the skin. In the case of very dry or damaged skins, do 2 treatments every week.

STEP BY STEP

(Duration of treatment 10-15 minutes)

- 1 We start the treatment applying **Hand & Foot Paraffin Mask** on the area to be treated by means of a gentle massage, emphasising the dryer areas. We then cover the area with the protective plastic. Leave to work 5-10 minutes.
- 2 After the exposure time, we remove the protective plastic and apply the **Double Body Peel** exfoliant directly without removing the **Hand & Foot Paraffin Mask** product and give an energetic massage to facilitate the elimination of dead cells. At the end of the process, remove the excess with abundant warm water.
- 3 After the exfoliant, with the skin clean and dry, apply the **Hand & Foot Silky Touch** finalisation cream.
