LAB DIVISION

ANTI AGEING AND REVITALIZING T R E A T M E N T

COLLAGEN BOOSTER

Once you turn 30 years old the first signs of cellular regeneration slowing appear. One of them is the lack of firmness that happens as the collagen from the skin starts to have less activity. Due to this fact is convenient to act quickly to avoid the skin ageing.

USE OF TREATMENT:

Suitable for mature skin.

FREQUENCY OF TREATMENT:

Once a week during 5 weeks.

STEP BY STEP

(Length of the treatment: 75min)

- 1 Cleanse the skin by moistening some cotton pads with **Bio-Douce**.
- 2 For a complete cleansing of the skin, then apply **Creamy Cleansing Foam**.
- 3 Next, tone the skin using **Clarifying Milky Toner**, applied with moistened cotton pads.
- 4 Once the skin is clean, exfoliate with **Microderm Polisher Powder**, mixing a sachet with 12,5 ml of natural water in a bowl. Fully mix with circular movements, and gently work on face, neck and neckline. Remove the product with plenty of water or, if necessary, with a hot damp towel.
- 5 Next, to activate blood circulation, we recommend a complete massage with **Vitalizing massage Cream**. After which, remove the remains of the cream with a hot damp towel. This step is optional.
- 6 Once the skin is clean again, apply the concentrate **Serum Peptide** and spread it over the skin until it is fully absorbed.
- 7 Afterwards apply the **C-Mask**, previously cut out to adapt to the face. Moisture it carefully with **Activating Lotion**; use a fan brush so it helps us to apply easily on the face without forming bubbles. Apply to face and neck. Leave it work for 25 minutes and remove it starting from the neck.
- 8 Apply **Peptide Eye Contour Gel-Cream** to the eye area.
- 9 To end the treatment apply **Power C Peptide Cream** over face, neck and décolleté.

BRUNOVASSARI

Ongoing home care:

Clean and Scrub

Enzyme Cleansing Powder

Cleansing powder with peeling enzymes. Cleans and renews the skin. It contains vitamin C with anti-ageing and brightening properties.

Emulsify the powder with water and apply over the face with circular movements. Rinse off with water.
